---

---

### Effective and Termination Dates

---

---

The Master Policy on file at the Association headquarters becomes effective August 1, 2008. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates October 31, 2009. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured Student or extend beyond that of the Insured Student. Refunds of premiums are allowed only upon entry into the armed forces.

This is a Non-Renewable, One-Year Term Policy. No more than 12 months of coverage may be purchased.

---

---

### Extension of Benefits After Termination

---

---

The coverage provided under the policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 30 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit. After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.
